

# 'How I cured myself of cancer naturally'

By MARTIN SILVERMAN

AN AMAZING free talk by Martin Silverman - author of 'The Gift In Me' which is due for publication next year.

Martin has cured himself of cancer without any conventional medical treatment and drugs.

Instead he chose all natural, holistic and spiritual paths to his recovery.

Koh Samui has played a massive part in his healing, with the simple nature of this beautiful island, it's healing energy and all the many fabulous mixtures of people and therapies that are here.

Martin says that he was 'spiritually guided' to Koh Samui in the midst of his healing and that it was no coincidence, it was meant to be.

He fell in love with the island and quickly chose to give up his entire life in the UK to move here, to complete his healing journey.

In his talk, Martin tells his very personal story, with a few laughs - he passes on very valuable information and he is hugely inspiring!

His knowledge and his inspiration are his gifts that he truly loves to give.

Martin doesn't tell anyone to do what he did but he just wants people to be more aware and to do what is right for themselves.

Every one of us has been or will be touched in some way by cancer so this talk is for absolutely everyone.

As is Martins website and also his book, this story is given by a man who chose to embrace this lovely island and live here.

Martins talk covers a topic that touches us all at some point and it contains very valuable information for all of us.

The talk will be on the evening of Wednesday 30th November at The Spa Beach Resort in Lamai.

**Wednesday November 30th at 7.30pm,**
